LIVVY'S SMILE 2009 R/C CHARITY EVENT

On November 7th 2008 Olivia Georgia Meredith went to sleep and never woke. Olivia better known as Livvy suffered from the devestating neurological condition Rett Syndrome. This awlful syndrome left Livvy physically and mentally disabled. But what this condition didn't damage was Livvy's spirit. Never would a day go past where Livvy wouldn't share one of her beauitful smiles with the world.

We decided to start this charity in Livvy's name to continue the legacy of love and laughter she brought to many. We want to raise money to bring smiles to others. We are new to fundraising, but in Livvys memory we want to raise money to help disabled children enjoy themselves. We wish to support Livvy's school, Oakwood special school. EST Donkey trust, birmingham where, Livvy spent many hours receiving threapy and having lots of fun. We also hope to widen our range of help as the charity grows, the more smiles we can raise the better.
